

ATTENTION: Increase single ownership of media. I AM OPPOSED !
Please do NOT allow any increase in ownership of media outlets as might be allowed under the Docket No. 02-277, the Biennial Review of the FCC's broadcast media ownership rules.

The current rules have already allowed single ownership to put 2, 3 and even 4 stations in a market like San Jose, CA. to be broadcasting the same product/program. This is unneeded and robs other individuals, groups and corporations the ability to earn a living in media and to voice different artistic and editorial view points.

I strongly believe that the FCC should retain all of the current media ownership rules now in question. These rules serve the public interest by limiting the market power of the huge, dominant companies and players in the broadcast industry.

I urge the FCC to preserve the public interest by keeping the media ownership rules in question intact.

The FCC should have many public hearings and make a clear case for the public good and not just for the profit of a few corporations. Thank you,
